Ms. Michele Erwin
All Wheels Up, Inc.
951 Leora Lane
Lewisville, TX 75056

Dear Ms. Erwin:

On behalf of the Christopher & Dana Reeve Foundation, I am writing to express our strong support for the impressive work of All Wheels Up, Inc. to increase access to air travel for people with disabilities, particularly those who are living with paralysis. The Reeve Foundation shares your commitment to providing equal access to the skies for all people.

The Reeve Foundation's Paralysis Resource Center (PRC) is a comprehensive, national source of informational support for people living with paralysis and their caregivers. Our primary goals are to foster involvement in the community, promote health and improve quality of life. The PRC provides services to people in the United States and its territories as well as internationally. The PRC's Information Specialists (IS) are trained to help anyone—from newly-paralyzed individuals and their family members, to persons who have lived with disabilities for quite some time—as they attempt to navigate their changing world and the services available to them. This includes helping individuals who use wheelchairs find accessible travel options.

We would be pleased to partner with you, as well as transportation providers, people with disabilities, elected officials and the general public, to assure that the promise of full mobility is achieved. Your work on airline accessibility is critical to allowing our community to obtain full independence.

I look forward to working with you as we move forward towards achieving our common mission and secure easier travel for wheelchair users.

Sincerely,

A handwritten signature in blue ink that reads "Maggie Goldberg". The signature is fluid and cursive, with a long horizontal stroke extending to the right.

Maggie Goldberg
